Library News & Resources

January 7, 2020

Hello Overton Library Users,

Happy New Year!

The **Holiday Season** is behind us. We had a full two week winter break. Hopefully, you had a safe holiday break that allowed you time with family, friends and much needed rest. Now it is time to get back in the game of teaching and learning.

Optimistically looking forward, as we walk into 2021, I hope all is well and that you are on your way to a great New Year. Resources and information you can use as scholars, educators, and families are below. Have an awesome awakening as you embark on new beginnings with students, colleagues, family and friends.

A Canvas course on internet safety and digital citizenship is mandated by the state for all of our scholars to complete. We have iSafe training every year. However, this year it is crucial due to the digital world that we all have to engage in to conduct school as we have learned to know it. All the students are assigned an iSafety canvas course in their clever portal. Please share this information with your classes. It would be great to have 100% participation and completion by the January 15th deadline. Stay safe, enjoy and learn now! I look forward to collaborating with you.

Access iSafe Canvas Course directions here [iSafe Course on Digital Citizenship.pdf](#)

To accommodate students, immersive reader is available. However, Spanish is not. You could leverage the translation feature in a teams meeting to access Spanish. Here is a [resource](#) on how to do that. The isafe link can be shared with all classes, by all teachers to introduce the course. If the link does not work, use the visual below. Please stress the importance of completing the modules. Admin will let us know when and how to move forward with rolling out the course to meet the January 15, 2021 deadline.

## Accessing the Courses in Canvas

**Step One:** Log into Clever using SCS active directory credentials.

**Step Two:** Select Canvas from the curriculum resources section.

**Kudos** to Mrs. **Marszalek** and **Mr. Hoots**. They have already started the process with their classes. They are giving grades for the 4 quiz modules. Their proactiveness has helped us get close to 20% completion.
